

UnitedHealthcare and Montefiore Health System Renew Relationship

UnitedHealthcare and Montefiore Health System have reached a multi-year agreement that restores access to Montefiore's hospitals and physicians for people enrolled in UnitedHealthcare and Oxford employer-sponsored plans, effective Dec. 1, 2021.

We recognize that the care Montefiore provides is not only important but also personal to our members and we also know the negotiation process may have been difficult for them. Our top priority throughout this process was ensuring the people and employers we're honored to serve in New York have access to quality, more affordable health care, and this new agreement helps accomplish that goal.

We thank our plan participants and customers for their support and patience throughout this process. We are honored to continue supporting the more than 2.4 million individuals across New York enrolled in UnitedHealthcare and Oxford employer-sponsored plans who depend on us for access to quality and affordable health care.

Please do not hesitate to contact your UnitedHealthcare representative if you have any questions.
